NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Clint Zweifel, State Treasurer
Jefferson City, Missouri

We have audited certain operations of the Office of State Treasurer in fulfillment of our duties under Chapter 29, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended June 30, 2015. The objectives of our audit were to:

1. Evaluate the office's internal controls over significant management and financial functions.
2. Evaluate the office's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and operations, including certain financial transactions.

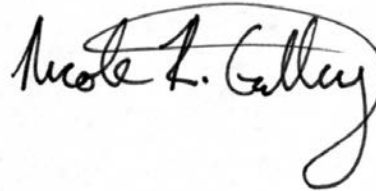

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the office; and testing selected transactions. We obtained an understanding of internal controls that are significant within the context of the audit objectives and assessed whether such controls have been properly designed and placed in operation. We tested certain of those controls to obtain evidence regarding the effectiveness of their design and operation. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of contract, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the office's management and was not subjected to the procedures applied in our audit of the office.

For the areas audited, we identified (1) no deficiencies in internal controls, (2) no significant noncompliance with legal provisions, and (3) no significant deficiencies in management practices and procedures.

Report No. 2016-016, *State of Missouri Single Audit, Year Ended June 30, 2015*, issued in March 2016 communicated the results of our audit of the state's financial statements and its use of federal awards during the year ended June 30, 2015. That report identified a deficiency in internal controls for the State Treasurer's Office in ensuring the accuracy of year-end financial data submitted to the Office of Administration - Division of Accounting for use in preparing the *Missouri Comprehensive Annual Financial Report* for the year ended June 30, 2015. The complete finding, recommendation, and auditee response is contained in that report.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with the first name "Nicole" and last name "Galloway" clearly legible. The initials "R." are written in a smaller, more compact script between the first and last names.

Office of State Treasurer

Organization and Statistical Information

The office of State Treasurer is an elective office as provided in the Missouri Constitution. The duties of the State Treasurer as defined by Article IV Section 15 are to be the custodian of all state funds; to determine the amount of state monies not needed for current operating expenses; and to invest such monies in interest-bearing time deposits, in Missouri banking institutions selected by the State Treasurer and approved by the Governor and State Auditor, in short-term U.S. government securities, or in certain allowable commercial paper and banker's acceptances.

The Office of State Treasurer operates in four major functional areas (1) accounting and banking services, (2) disbursements and records, (3) investments and deposit programs, and (4) unclaimed property.

The accounting and banking services area (1) maintains a fund accounting system to fulfill a statutory responsibility to keep separate accounts of the funds of the state and to allocate investment interest to funds, (2) maintains ledger controls on fund balances and appropriations to assure that no check is issued that exceeds the lawful appropriated balances, (3) controls receipt of state monies collected by state agencies and deposited in local banks throughout the state, (4) reconciles bank activity to receipt and disbursement activity reflected on the state books, (5) determines the amount of state monies not needed for current operating expenses, and (6) confirms daily disbursements with the bank as certified by the Office of Administration.

The disbursements and records area provides processing support to other areas of the office by (1) retrieving state checks, and (2) controlling and processing outlawed checks and processing and verifying claims for replacement checks.

The investments area places state monies not needed for current operating expenses in interest-bearing time deposits, U.S. government and agency securities, commercial paper, banker's acceptances, and repurchase agreements. This area also administers the State Treasurer's statutory linked deposit program and monitors and accounts for the collateralization of state funds.

The Unclaimed Property Division administers Missouri's Unclaimed Property Act (Chapter 447, RSMo). The Unclaimed Property Division is responsible for (1) ensuring unclaimed property is reported, (2) receiving and recording reports of unclaimed property, (3) depositing unclaimed funds to the Abandoned Fund Account Fund, (4) maintaining custody and safekeeping of abandoned or unclaimed physical property, and (5) processing owner claims for abandoned funds or physical property.

On January 14, 2013, Clint Zweifel was inaugurated for his second term as the forty-fifth Treasurer of the state of Missouri. His term will expire in January 2017.

Notes to the Appendixes

1. Basis of Presentation

Amounts presented in Appendixes A through E are reported on the budgetary or cash basis of accounting. The budgetary basis recognizes revenues as cash is received and expenditures as cash is disbursed. Missouri issued a Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2015, in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board. The financial activity of the Office of State Treasurer is included in the CAFR.

The amounts presented in Appendix A represent receipts, disbursements, transfers, and cash balances of funds that are dedicated to the activities and programs of the office.

The amounts presented in Appendixes B and C represent funds appropriated to the office by the Missouri General Assembly and expended by the office.

The amounts presented in Appendixes D and E represent all funds in the state treasury and all trust funds in the custody of the State Treasurer.

State treasury funds are subject to appropriation; trust funds are not. The appendixes do not include any funds or investments that are not in the custody of the State Treasurer.

2. Cash and Investments

Article IV, Section 15 of the Missouri Constitution establishes the State Treasurer as custodian of all state funds and funds received from the U.S. government. This section further authorizes the State Treasurer to place all such monies on time deposit, bearing interest, in Missouri banking institutions selected by the State Treasurer and approved by the Governor and the State Auditor, or in obligations of the U.S. government or any agency or instrumentality thereof maturing or becoming payable not more than 5 years from the date of purchase. In addition, the State Treasurer may enter into repurchase agreements maturing and becoming payable within 90 days secured by U.S. Treasury obligations or obligations of U.S. government agencies or instrumentalities of any maturity, as provided by law. The State Treasurer may also invest in banker's acceptances issued by domestic commercial banks possessing the highest rating issued by at least 2 nationally recognized statistical rating organizations and in commercial paper, issued by domestic corporations receiving the highest rating issued by at least 2 nationally recognized statistical rating organizations. Investments in bankers acceptances and commercial paper shall mature and become payable not more than 180 days from the date of purchase, maintain the highest rating throughout the duration of the investment and meet any other requirements provided by law. The State Treasurer shall prepare, maintain, and adhere to a written investment policy that shall include an

The collection bank accounts on Appendix D consist of three master concentration accounts and their related collection accounts. The master General Concentration, Conservation Concentration, and Lottery Concentration accounts were at Central Bank at June 30, 2015, 2014, and 2013 and have been reported above. The related collection account bank balances were \$2,848,010, \$2,571,803, and \$2,243,064 at June 30, 2015, 2014, and 2013, respectively.

Banking service agreements on the central demand accounts allow the State Treasurer to invest outstanding checks up until the checks clear the bank, thereby investing an amount in excess of book balances. The negative balances at June 30 (Appendix D) for the appropriated funds demand deposits represent the book balance net of amounts invested.
